

~ Your Telephone Extension is **2+Unit Number** ~

Our Front Desk is staffed from 8:00 a.m. to 8:45 p.m. daily. Weekdays in January and February, the Front Desk closes at 7:00 pm Monday thru Thursday. Calls during business hours will be transferred directly to your unit. At closing our telephones turn over to an automated system, in which case callers are prompted to enter the 3-digit extension. You will need to give this number to your family/friends, if you wish them to contact you after normal business hours. They simply need to dial the resort's main number, **207-244-7000**, and then enter the 3-digit extension when prompted to do so.

To dial another unit, dial 2 then the unit number. For example, townhouse 11's extension is 211.

~ Outgoing Calls ~

All calls within the USA are free of charge to our guests.

To make a local or toll free call, **guests must dial 9 + the seven digit number**. Local calls include all of Mount Desert Island, Trenton, and Ellsworth. For example, to call the National Park Headquarters in Bar Harbor, you would dial 9 288 3338.

Should guests need to make long distance calls anywhere else within Maine or the USA, guests will need to dial **9 + 1 + Area Code + the seven digit number**. For example, to call the Comfort Inn in Portland, Maine you would dial 9 1 207 775 0409.

~ Harbor Ridge Voice Mail System ~

If someone leaves a message for you, you will hear three beeps when you pick up your phone. If you have a telephone equipped with a message waiting light, your message waiting light will blink every 10 seconds. To access your voice mail, **dial 500** and then follow the prompts.
