For example, to change the cable channel, press the CABLE button and then CH UP or DOWN button. To fast forward the DVD, hit the DVD button, then hit the FF button.</p> <p>You may need to reprogram the Spectrum remote control.</p> <p>QUICK REMOTE REPROGRAM METHOD:</p> <p>STEP 1: Manually turn on the TV you wish to program.</p> <p>STEP 2: Press and hold simultaneously for 3 seconds both the TV and A (Yellow) buttons or B (Blue) buttons, based on the column your TV brand is assigned to. The TV button LED light will turn on for 30 seconds confirming that you are in the program mode. Refer to the Quick Set-up Code Table on the left.</p> <p>STEP 3: While the TV button LED is on, point the remote control at the TV and press the number button assigned to your TV brand as shown in the table (e.g. for LG TV, button 3 or for Phillips TV, button 9). The TV should turn off. If it does not, press the same number button repeatedly until the TV turns off.</p> <p>STEP 4: Once the TV has turned off, press the TV button once again to save the code. The remote control is now ready to control your TV. Repeat the above steps for all other components (TV, DVD, etc.).</p>
